Is World Peace Possible?

A cabled reply to an American poll

First published in Cosmopolitan, January, 1936

The question whether world peace will ever be possible can only be answered by someone familiar with world history. To be familiar with world history means, however, to know human beings as they have been and always will be. There is a vast difference, which most people will never comprehend, between viewing future history as it will be and viewing it as one might like it to be. Peace is a desire, war is a fact; and history has never paid heed to human desires and ideals.

Life is a struggle involving plants, animals, and humans. It is a struggle between individuals, social classes, peoples, and nations, and it can take the form of economic, social, political, and military competition. It is a struggle for the power to make one's will prevail, to exploit one's advantage, or to advance one's opinion of what is just or expedient. When other means fail, recourse will be taken time and again to the ultimate means: violence. An individual who uses violence can be branded a criminal, a class can be called revolutionary or traitorous, a people bloodthirsty. But that does not alter the facts. Modern world-communism calls its wars "uprisings," imperialist nations describe theirs as

“pacification of foreign peoples.” And if the world existed as a unified state, wars would likewise be referred to as “uprisings.” The distinctions here are purely verbal.

Talk of world peace is heard today only among the white peoples, and not among the much more numerous colored races. This is a perilous state of affairs. When individual thinkers and idealists talk of peace, as they have done since time immemorial, the effect is always negligible. But when whole peoples become pacifistic it is a symptom of senility. Strong and unspent races are not pacifistic. To adopt such a position is to abandon the future, for the pacifist ideal is a static, terminal condition that is contrary to the basic facts of existence.

As long as man continues to evolve there will be wars. Should the white peoples ever become so tired of war that their governments can no longer incite them to wage it, the earth will inevitably fall a victim to the colored men, just as the Roman Empire succumbed to the Teutons. Pacifism means yielding power to the inveterate nonpacifists. Among the latter there will always be white men — adventurers, conquerors, leader-types — whose following increases with every success. If a revolt against the whites were to occur today in Asia, countless whites would join the rebels simply because they are tired of peaceful living.

Pacifism will remain an ideal, war a fact. If the white races are resolved never to wage war again, the colored will act differently and be rulers of the world.

Antichrist By Blackwood

“Antichrist” is of course Vindex. This person – who at the time of writing may not be born yet – will be or will become a causal earthing of the Sinister forces to be unleashed en masse at the Return of the Dark Gods. The importance of Sinister magick in the bringing of Vindex cannot be understated, for without the work of Sinister Adepts, it is highly unlikely that the forces required would be earthed at all – or at least earthed in an effective and timely way in terms of destroying the growth of the Magian World Order.

Thus the continuing importance of traditional rites such as the Black Mass. Despite the cultural decline of the Nazarene religion, this rite remains the quintessence of

aeonic Satanism due to the recent esoteric revival of Nazarene energies which in part power the heart of political Amerika. These revived energies will play a key role in the battle to come.

Antichrist may be fully aware of his/her sinister nature and destiny, or may be a vessel used by Sinister Adepts to achieve their aims. He or she may be: a) an individual who becomes gradually possessed by the consciousness of the Dark Gods seeking a suitable body as a vehicle by which to achieve Their liberation (this possession being aided by Sinister Adepts who will target a suitable candidate) ; b) an Adept of the Sinister Way who takes it upon themselves to fulfil the role; c) the result of acausal forces earthed in a child conceived by the participants during a Sinister rite. If the latter, all participants are carefully chosen and the child is nurtured in a way fully mindful of his/her Destiny.

There will emerge over the next few decades several significant individuals (“prophets”), pro and contra to the establishment of the Aeon of the Dark Gods, before the arrival of Antichrist/Vindex.

The encouragement of acts of dark chaos and the shedding of the blood of Zionists and Magian associates anywhere in this world is fertilizer for the birth of Antichrist and the Return of the Dark Gods.

The ‘four watchtowers’ mentioned in various esoteric traditions are in fact representations of the four gates or conjunctions which occur during the seasonal tides. During the equinoxes and solstices these gates are made accessible by the helilcal acausal flow – that is, these four gates are not presenced in the causal world at any

other time.

These gates also alter, as any living thing changes and grows. Some of these changes can occur due to the activities of esoteric Magian forces who are aware of the gates and who seek to close them. The full opening of these gates will bring about the Return of the Dark Gods: the Sinister Apocalypse.

These gates are most strongly manifest in certain physical Earth-based locations, but all Sinister Adepts may aid the process of fully opening them without conducting rites at these specific locations. The best environment is outdoors, ideally on a hill top, or in an underground resonant chamber where water flows. Each gate has a particular guardian or key which must be invoked – see various septenary correspondences and chants. And the opening of each gate will bring about its own specific causal effects (“plagues”) which may be observed.

The Genesis of Vindex:

Vindex is the generic name for that revolutionary noble warrior who leads the practical fight against the Magian and their allies, manifest as the Magian are now in the so-called mis-named New World Order whose twin centres of power (both ideological and practical) are in Amerika and the Zionist entity that occupies Palestine. Vindex thus prepares the way for the Galactic Imperium, whose practical beginnings lie in the establishment of new communities, based around new clans (or tribes) whose only law is that of Personal Honour. Vindex (who may be male or female) is the embodiment of The Law of the New Aeon of the Imperium, which is personal honour, and who, with his or her victorious warriors,

establishes an entirely new type of culture, and an entirely new way of life.

The Dark Imperium

One of the exoteric – practical and outward – aims of The Order of Nine Angles is to aid the creation of a Dark Imperium. This Dark Imperium is and will be a manifestation, a practical implementation, of The Sinister, of The Sinister Dialectic, where Sinister Adepts (and, of course, Sinister Masters and Lady Masters) guide, control and manipulate – on a large scale – ordinary (non-Initiated) mortals, and thus effect sinister changes in a particular society, or in many societies. It is one of the aims of the person named by sinister esoteric tradition as Vindex to create the foundations for this Dark Imperium, and, in practical terms, the Dark Imperium will be a large, organized – most probably

militaristic – society whose ideals are those of excellence and of the noble honourable warrior and warrioress, and whose ethos will be essentially pagan. In addition, this Dark Imperium will function on the basis of the warrior leadership-principle and not upon any form of democracy, just as – and importantly – the basis for the law, for the justice, of the new societies of this Imperium will be personal honour (the law of the warrior), and not the abstract, dis-honourable, law that has come to dominate all Western societies, to the detriment of our evolution as a species.

Given this distinctive practical nature of the Dark Imperium, it will thus be ideologically, violently, and of necessity, opposed to the current materialistic, “politically-correct”, democratic, plebeian, status quo, in the West, and elsewhere, and – once established – one of the first practical aims of this new Imperium will be to extend, if necessary by force of arms and conquest, its Law of the Warrior to other societies, creating in time a new world-wide Empire. It is this new world Empire which will efficiently begin the practical colonization of Space, first in our own Solar System, and then among the stars. It will do this practical exploration and colonization of Space both as duty and as a necessity, since such practical exploration and colonization is an integral part of its fundamental, irrevocable, pagan and warrior ethos. Furthermore, such a Dark Imperium will, outwardly, not be directly associated with “the Satanic” or with “Satanists”, although, under the guidance, the leadership, of Vindex and his (or her) successors, this warrior society will be aiding the Sinister Dialectic and thus achieving long-term Sinister, Satanic, goals. Of course, Sinister Adepts – and some sagacious non-

Initiates – will understand that such a Dark Imperium is itself only a stage; only one part of an Aeonic process; and that, as such, it does not represent the essence, nor the ultimate aims, of the ONA itself, although it is only to be expected that the majority among the plebeius will fail to appreciate the difference.

In essence, the Dark Imperium is a stage toward the emergence of – a means to create – that new human species which Sinister Adepts have named, variously, as Homo Sol, Homo Galactica and Homo Galacticus: the Promethean species whose homes, whose dwellings, whose life, will be among the star-systems of our Galaxy, and then among the star-systems of other Galaxies in the causal Cosmos.

The Focus and Direction of the Tempel ov Blood
Lord Karnac 114YF Era Horrificus

For those so inclined to work with the Tempel ov Blood (after proving their Noctulian potential), our main aims are threefold: First, we wish to hold as our highest priority the creation of the New Being. The realization of the meaning of the human's life is this – humans are nothing in themselves, they are great however once they have decided to become a bridge to the New Being variously described and symbolized by Homo Galactica, Ubermensch, Noctulians, Vampires, and the various titles given to Alien beings in such mythologies. ANY and ALL humans who fail to embrace this evolutionary urge will serve as food and a resource to be used by the New Being- as a human would a lesser animal. Thus is our philosophy and way of being a terror to the Magian. So much sweeter will their Blood Essence be to consume... Second, the infiltration and manipulation of organizations and forms with Sinister potential. Aryanism, particularly the more religiously fanatically forms of it, such as Christian Identity are a good example. The manipulating Noctulain is to use these forms for their own Presencing of the Dark, as well as changing in subtle ways the followers of such forms to following a more Sinister direction. For example, in Identity, using knowledge of the Biblical doctrines and prophecies encourage war, hardship, and system disruption using the scriptures as guidance and proof of the message you are sending to adherents of the said form. Any form with a transhuman, system disruption, or satanic direction to it may be of use here. The key is finding a form that in itself is an aid to the Dialect and empowering it further, causing a saturation of Acausal Energy. Third, disruption of Magian organizations.

Whether overtly occult forms, such as JudeoChristian churches, Wicca covens, pseudo-satanic temples, or more physical down to earth forms such as Magian political groups and government. These need to be infiltrated and disrupted via both magical means (the ways of which are detailed in a ms not available to the public) as well as in more physical and practical ways. The Tempel itself is but a means for the Noctulain Empire to provide a harsh alchemical change process to those who seek it, allowing them to aid the dialect on their own with the knowledge and skills attained during the transformation. Those few who go on to become Noctulians will join with us in our Harvest and pass thru the Jihad as One of Them that will reign immortal in the Dark Land.

CODEX ARISTARCHUS

Edited by A. A. Morain

Dedicated to the Haunters at the Threshold,
the Ascended Masters

Anarchaeon- A Brief Look at the Future

The world which we, the inner sanctum of the Drakon
Covenant prophesise and
which our elite footsoldiers of the Vampyric Front work
toward tirelessly is one
of true terror and of true awe.

The world we see is slowly decaying, a state all those
wise enough to recognise
foresaw so long ago. The world continues, despite the
smug 'statistics' of the
liberal, Magian zombies, to break into smaller regions,
characterised by tribal
conflict; the megalopolis that is America is grinding to a
halt. Europe is
inflamed with religious and racial terrorism. Soon, the
world will return to
barbarism, and the Dark Age which will ensue shall
purge the world of its
hubris which it has accumulated, and for which it is now
suffering.

Into this blasted and charred arena, will we see a return
to primitive ways of
thinking, the return of superstition, the death of reason-
the return of Them.

Once more will the world be plagued by acausal horrors
by night, and by day,
trampled underfoot by the relentless ranks of the servants
of the Ascended
Masters.

Even now, as you busy yourself and move among the
crowds of thousands, of
millions of humans, They gather and wait. They are
making their presence felt,
as evidenced by the exponential increase in the belief of
demons, ghosts, and

more recently 'shadow people'. All this is occurring in spite of the supposed continuation in scientific understanding and discovery.

Why is this? Why are millions of people choosing to believe in such things?

Why are millions of people seeing such entities? Why are millions of people finding themselves preyed upon each time they go to sleep at night?

The gates are opening, the acausal is drawing nearer-whether due to the increase in adepts and nexions functioning, or as part of some Cosmic cycle, it is irrelevant. What matters is that They are getting closer, and They are making Their presence felt in a very real way.

By aligning yourself with the inevitable, you become one of the Elite, who will master the arts laid out according to the Black Lodge in general, and the Drakon Covenant in particular. In time, you will be given the chance to ascend and sit among the ranks of the Undead. And from your vantage point, immortal and omniscient, you will be hailed as a god over the coming Anarchaeon, the Dark Age which humanity is hubristically hurtling toward.

We foresee a future ruled over by sprawling black empires, an unbreakable chain of caste, beginning with the lowliest slaves and terminating in the higher echelons of the Master Elite and the Ascended Undead whom they serve and with whom they will hold communion with.

For the slightly less lucky, tribalism will return- as is Man's natural state. And these mundanes will have to learn to make friends with Nature once again, a terrible force they have smugly believed they were exempt from, a force which will shock them into very real awakening.

And when they tire of such an awakening, when the terror of the new world is too much to bear and they turn to rest, perchance to sleep- WE will be there, to feed eternally.

You are flanked by black clad soldiers, masked and bearing breathing apparatus to counter the toxic clouds which permeate the land you are moving through. The soldiers, your personal retinue, are armed with vicious and highly customised M4Als, scopes and bayonets equipped as standard.

Around you is the wreckage of what was once called civilisation, now ground

down to piles of corpses and burnt out vehicles. Black,
oily clouds of burning
plastic billow across the cracked pavements and roads,
and the only light
illuminating the night is from various fires smouldering
in the distance.

As your retinue sweeps forward in tactical formation,
you, an Elite adept of
dread countenance, robed entirely in black, follow suit,
heading toward your
destination. The silence is punctuated by controlled
bursts from the soldier's
guns as they ruthlessly put down the few savages who
emerge from the rubble to
investigate this grim spectacle passing through their
territory.

You possess abilities the other soldiers do not, and beside
the litter of the post-
apocalyptic landscape, you see other more nebulous
forms, hulking across the
wastes or streaming down from the sky in great tendril-
like forms, winged and
ribbed in horrific fashion.

You are heading toward the shell of the inner city, which
looms over the charred
horizon. The sides of the crumbled towers and apartment
buildings are lit
orange by the many fires flickering in the night, giving
the impression of a
gaunt and tattered sentinel, towering over the land.

Above you, the cold void of space hangs, punctuated by
a myriad of stars, seen
through the red hue that tints the horizon whichever way
you look. Some points
of light gleam brighter than others, and you feel a
connection with these, as you
recall the entities which call such stars home and
sustenance alike. It is to these
which you, the adept aspire to become and be worshiped
in kind upon mortal
termination by other adepts belonging to the cult you
ruthlessly have carved
into the fabric of this new world.

What was once simply myth and legend is now terrifying
reality. Darkness,
chaos, murder, discipline- all are necessities, cleansing
the DNA of Man and
rebuilding him into something purer, something which
your dark vision has
foreseen, and which They who watch from above have
commanded.

Amidst the ruins of the city, you make your way across
tumbled pillars and car-
filled trenches, creating an uneven pathway spattered
with potholes and ditches,
of which various wild animals bolt from upon your
approach. Rats, in their
hundreds stream from underneath cars, incredulous to
your presence and

pausing here and there to gnaw on the desiccated skeletal remains which hang out of the vehicles so haphazardly arrayed. Rotting corpses, testament to long passed violence and anarchy of unprecedented levels hang from the overarching streetlights, their slack jawed grimaces and hollow eye sockets staring down upon you, swaying slightly in the breeze.

A pack of feral dogs approaches, but are easily scattered by short controlled gunfire from two of the soldiers.

You look about, seeing the imprints of the civilisation around you, seeing patterns and structures now long faded from the causal world, but lingering still in the astral, which you are able to glimpse into for a time. All this will in time be reduced to dust, and a new empire will take its place- one far more ambitious and promethean in its scope.

Eventually, you arrive at an intersection, where various main roads meet, cluttered with rows of cars and vehicles. Ahead lies a monolithic building, relatively intact in comparison to the surrounding towers, made out of steel and glass as opposed to this building, carved from stone of an enduring quality.

You ascend the steps which mark the entrance to the
grand edifice, its steps
strewn with corpses and bullet shells. The doors are wide
open, long ago
blasted by insurgents attempting an attack on whomever
dwelt within.

The large building is a library, a central hub of
knowledge in the once
sprawling metropolis you find yourself and your guard
within.

Making your way through piles of paper and ruined
books, you find a tome,
leather-bound and crumpled- the book you have been
looking for. Stashed
between other tattered volumes, you pull it out and see it
printed in large and
plain letters- THE SINISTER TRADITION.

Left here long ago by a wandering traveller who had no
time for superstition,
he had chanced upon it lying by the roadside and
intended to keep it for
kindling. Upon reaching the library, the wanderer had
found more suitable
material, and so placed the damp book on a shelf,
forgetting about.

That was until this wanderer passed through your
settlement and mentioned
offhandedly to a fellow drinker what he had seen. This
chance remark had been

picked up by one of your many acolytes, and following a swift interrogation, the co-ordinates of the city remnants and been scouted and located.

You now possessed another valuable artefact to add to the growing collection of a select genre of literature, for which you could peruse and discover more secrets pertaining to the Dark Gods- and with it, more power.

They are watching. Their black hand is upon you. The taint of the Undead

has forever now stained you.

The Aryan Satanic manifesto
by Brother Apostate

Tho' fools raise high tattered bibles, and bigger ones
blow themselves up over insane rantings; the
Satanist realizes that niether faith nor great spiritual truth
will be found in books. Thus this short work
should by no means be considered a scripture to be
followed 'to the letter' for there is plenty of room here
for growth. Rather it should be seen a sign at the side of
the road, pointing to the destination.

The 7 Points of Aryan Satanism

We believe that Satan is the true god of the Aryan folk and only of the Aryan folk.

We believe in a positive, holistic, and organic view of nature and the importance of living according to natural principles.

We believe Satanism to represent the reawakening of pagan spirituality, which with the foundation of National Socialism, will usher in the new Aeon!

We believe in the primacy of the individual, who achieves the highest expression of his individuality in service to his folk.

We demand the downfall of world Jewry in all its forms: Christianity, Communism, Democracy, etc.

We demand an end to the base materialism that characterizes the current Aeon and we will act to correct it.

We provide the means to truth, to enlightenment, to belonging, and fulfillment through implementation of a comprehensive worldview based in the devotion to the eternal principles of blood and soil. Philosophy

**Heilel means "crescent moon".
Shahar means "morning star".**

Name of SATAN in Isaiah 14:12 -

HEILEL ben SHAHAR

1. The True Nature of Satan

It is indeed true that in Hebrew Satan means 'adversary', this is not however the root of the word. the full term Ha Shaitan is derived from 'hele ben shahar' or 'son of the morning', derived in turn from Aryan proto-Canaanite (Philistine/Pelasgian) 'Baal ze Shaharu' an appellation of Baal as lord of dawn, equivalent to Greek Phosphoros and Latin Lucifer. Baal was the most popular deity throughout Europe for a long time and his name survives in Celtic Bel, Norse Baldur, and Greek Apollo(A-baal-o). It was generally considered that Baal took numerous forms according to need and these forms became the basis for traditional paganism. It would be wrong for the modern Aryan folk to adhere to any of the many spiritual traditions of our people, this is like confusing an envelope for the message inside. We must realize that all of the Aryan doctrines of ages past contain the wisdom of the primordial tradition of the Hyperborean people.

It was as the Jews began to formulate the Christian heresy in the first century C.E. that they happily lent the new cult their "enemy" and spread it to every Gentile nation essentially causing their new Gentile slaves to demonize themselves and their own native beliefs.

It is our intention thusly to resurrect the pagan beliefs of Aryan Europe, in the god who entered the dark night of Jewry and arose anew in defiance of the filthy Jehovah to reconquer the day and save our endangered volk so long deceived. Hail Satan! Our TRUE savior!

2. List and the Armanen

In 1902 the Germanic occultist Guido von List received a

vision of 18 new runes that provide the keys to ultimate understanding, these runes had been lost with the coming of Christianity or sublimated into medieval heraldry and were the same runes spoken of in the Nordic Havamal. Now an initiate, List went forth as the herald of a new aeon, the Aeon of Satan that would usher in a new world order of prosperity. He created a new occult lodge: the Arman Society that would influence virtually every other lodge in Europe at the time. Fast forward to 1919, an obscure Austrian corporal comes to check out the work of a new political party: the National Socialist Party, an offshoot of the Thule society, an Armanist group researching Aryan heritage. His name was Adolf Hitler.

3. The SS

On his way to power the young Fuhrer was guided by Armanists who soon took their places in the newly formed SS which to the public stood for 'Schutzstaffel' but in reality meant "Schwartzes Sonne" or "black sun" in English.

The black sun is an ancient symbol for the source of psychic energy that stands in opposition to the light sun of the mundane. (This is the source of Vril energy.) It was here in the SS and its highest priest Heinrich Himmler and his Ahnenerbe began the process of bringing about the Satanic Aeon. This awakening required strict adherence to eugenic and euthenic principles in an effort to create a higher form of man. Each SS initiate had to be carefully certified as a true Aryan with a proven lineage. Himmler chose the old castle of Wewelsburg to be the

geographic nexus of the reborn faith, and set about creating its first temple. It was here that the rituals of the black sun were fully realized and the SS elite began to implement its plans.

4. The War of Consecration

In 1933 the world Jews declared war on the third reich and began manipulating the British and Americans into becoming their allies, having conquered Aryan Russia years before. Hitler countered by "dealing with the devil" making the pact of steel with Russia forcing him to strike Poland and securing the eastern front long enough to deal with the Allied pawns. In a supreme act of mercy Hitler allows the 'miracle of Dunkirk' but in so doing performs the first act in a ritual sacrifice of epic proportions. Act two: Stalingrad. The sanctification of martyrs on the altar of history, the baptism of blood and fire, Ragnarok. The survivors rebuild for a new world and await the birth of the New Aeon.

To the uninitiated self sacrifice seems foolish and the sacrifice of an entire nation the height of madness. The profound meaning of this act utterly escapes these poor deluded masses, wallowing in filth, and unconscious of honor.

5. Race and the True Individual

What passes for individualism today is but a scared, shallow imitation of it's true meaning. What the liberal mind appears incapable of understanding is the seemingly obvious fact that the self does not exist in a

vacuum. Rather each person is a product of a specific people at a certain point in the societal lifespan. The common occult belief that man is a microcosm of the macrocosm, i.e. 'as above, so below' is a universal truth. The race is man writ large and the universe larger still. This belief demands a holistic perspective on reality and is the foundation of our religion. This perspective also entails the belief in the interdependence of

body and spirit and the realization that the race is in fact the extension of self to a far grander level. It is precisely in this context that self sacrifice makes sense. Thus Satanism maintains and rightfully so the primacy of the individual, but of the true individual, not the abstract puppet of liberal postmodernism. The petty hedonism, worthless ostentation, and the glorification of " shock value" have no place in Satanism.

6. The Nature of Race

We will now attempt to explain the racial aspect of self as this seems to be the least understood.

Race must be considered holistically and organically. That is, having a spirit and body inseparable, and the realization of race, or volk, as a tangibly living thing. Therefore race can not be abstracted to a mere question of genetics, nor equally wrong, an artificial construct of culture; asking which comes first is a chicken vs egg type argument and will lead nowhere fast. Rather the study of race, and by proxy self, is always a question of history, how the self-race exists in time; and historical events must always be viewed symbolically within the cycle of continuous rebirth.

7. The Aeonic Cycle and Hyperborea

All of reality is caught up in the endless cycle of birth to birth and at every level. Thus there are cycles within cycles ad infinitum. This gives rise to the overall Aeonic cycle of four consecutive ages: a Golden Age, a Silver Age, a Bronze Age, and the final Iron age.

Ultimately these cycles intertwine creating slight overlaps or transitional phases. We currently are in the transition from Iron to Gold. The last such Golden age was characterized by the birth of the Aryan Hyperborean civilization alluded to in so much myth. Existing in the ancient Arctic regions while they were still warm due to the excessive planetary tilt, Hyperborea was essentially an Aryan paradise whose influence extended to peoples around the globe.

Unfortunately the ages must go on, and so the planet tilted

to its current position driving the Aryan people south ending the Golden age and beginning the Silver Aeon of early antiquity, flowing into the the Bronze Age of Imperialism, ending in the fall of Rome and the rise of Christianity(the extension of Jewry to non-Jews).

The Aeonic cycle is characterized by a continual decline of spirituality before cataclysmic awakening and a continuous shortening, so that the Golden Age is longest and Iron shortest. The Iron age is defined by the decline of civilized society into anarchy. One can see this in government by which caste is in control. Starting with the Golden age government is a spiritual meritocracy that declines into monarchy, that declines into militant dictatorship, that finally declines into mob

rule(capitalism/communism). Thus there is a gradual shift from highest to lowest before a violent rebirth.

8. Resurrecting the Primordial Tradition

Realizing that little is left of the outward structure of formal paganism Satan calls us to salvage the remaining bits and pieces scattered throughout Aryan religions; primarily the Norse and Vedic which appear to have the most to offer. At the same time we have been given the Armanen runes as a key to unlocking the true primordial tradition and thus unleashing the energies that give rise to the New Aeon!

9. National Socialism

The Ritual War of Consecration embodied the principals of Satanism to a tee and it is in National Socialist doctrine that we see a true balance between individual-self and social-self. First in the leadership principle where society bows to a true individual and second in the volkisch concept where the individual bows to society. In this way the duality of altruism/egotism is annihilated, unleashing the vast power of self as godhood-attained. What we see in the "Nazis" and the source of their mystique is precisely the process of magickal adeptship, the attainment of personal godhood, applied to its most extreme and glorious extent. It is a model worth emulating.

10. Der Juden

Throughout history the Jew has been the most

universally despised group regardless of anything. One is left wondering why? How could an entire race be so hated?

The Jew is descended from the Hebrews an ancient mongrel race that formed in the "empty quarter" of Arabia from outcasts and misfits from the surrounding cultures (Hebrew, from Akkadian Habiru- thief, vagabond, and Egyptian Apiru- meaning same); tied into the DNA of every Jew is the very spirit of duality itself. Dualism leads always to decay for in duality lies a self hatred and envy that has led to a base materialist outlook and a need to spread it like a cancer. This self hate results in self denial and explains the foundations of Christianity and Communism alike. For the Jew hates his opposite the Aryan, they are locked in an eternal struggle. Speaking Aeonically, the Jew is tied to the Iron Age and is destined to control that age every time the cosmic wheel comes round. He knows he is in peril however, for the Aryan spirit, Satan has reawakened, and he is royally pissed off!

11. Ragnarok

It must be realized that we, the Aryan folk, are in dire circumstances. Satan calls his chosen people to rebirth. The pagan warriors of old have provided have provided the example; they have set the standard. It is only through the adoption of a warrior mindset, a commitment to martial spirituality, that we as a people stand a chance. We must however take a closer look at what this war, this "Ragnarok" really means.

To have a war one must have an enemy and our enemy is the Jew, as stated previously the Jew is the embodiment

of dualism, of all that is base, and materialistic. Thus, our battle is against the forces of cosmic duality.

We may now further distinguish between the esoteric and exoteric aspects of Ragnarok. The esoteric implies the internal struggle of spiritual development and the awakening to enlightenment. True enlightenment is not peaceful, enlightenment strikes as a slap in the face of the status quo. It awakens us from our perpetual somnambulance. At one level this awakening is ideological, an academic understanding of the current situation in which the individual finds himself. At another level the esoteric Ragnarok implies transcendence through the annihilation of the mundane ego and absorption into the folk consciousness.

The exoteric Ragnarok implies the application of Aryan spirituality toward ones life, both personal and at the racial level. Does this mean physical violence? Not necessarily. There is a time for everything, and currently physical violence would be counterproductive to our cause. Rather we must engage in a war of spirit, of ideas. We must be the very ideal of Aryan, the noble, master race. Let us not know the path; let us walk the path. Essentially the war against Jewry is the exoteric expression of the internal war against the base instinct of the self.

In Closing

Let it be said that the call of Aryan spirit is alive and well today and for all days. That the sacred blood sacrifice in the streets of Europe be not in vain. Nor that we shall go quietly into a dark night but shall rise again the defiant son of the morning!
